

THE MOST POPULAR APP OF ALL TIME

HOW WE HELP

Mobiato Merchandising App helps you effectively manage and organize your workforce better. With the help of this app, you will be able to manage retail execution activities as well as configure in-store retail audits and capture data in the field. Mobiato also enables you to create a checklist and surveys for all the representatives.

- 1** Organize Workflow Better - With merchandising app, your representatives will be in better shape to manage their day better. Once the representative logs in, he will get immediate information on the number of outlets he needs to visit and likewise plan for his day.
- 2** Smart and Quick Surveys - Merchandising app lets you check for relevant data and use it to analyze smart surveys. Use this survey to change your game plan and take immediate action.
- 3** Check Weekly Schedule - Your staff will be able to use this app and look for their weekly tasks and schedule promptly. Be quick and effective with your work plan and ensure to provide better customer service experience and retain them.
- 4** Real-Time Data Collection -Get real-time data collection from the field representatives and take effective action accordingly.
- 5** Save More Time - We help you to save your time. Send weekly work data to your representatives effectively without manually planning for it.
- 6** Easy To Use - Mobiato merchandising app is easy to navigate and use. Just get it and start using it. It comes with automatic report generation, bulk import and export, scoring of visits, and more benefits.

Install and Update from App Stores - Mobiato is available on Android Play Store, Apple App Store, and Windows Store. Users can download Mobiato from any of these platforms and start using it.

WHY CHOOSE US?

For a business to make sales, its products and services should be visible and displayed appealingly. Mobiato Merchandising App equips you to effectively manage and monitor all retail execution activities easily.

Manage What's Happening in Stores

Collect photos of displays, assign merchandising tasks, monitor the progress of your team's day-to-day duties, and see the results.

- Map your Customers:-** Display all your customer stores on a map and leverage visual aids to differentiate between them using criteria such as revenue tiers, business status, and debt level.
- Picture Taking:-** Take pictures of product displays and tag them with account and geo-location giving operation managers the ability to monitor a location's compliance with shelf display planograms.
- Assign Activities:-** Assign the activities to be performed by your merchandisers at the store at the scheduled time. Their tablet and smartphone calendars will be updated immediately.
- Stock Taking:-** Mobiato Merchandising App enables field reps to quickly take stock of merchandise, optimize shelf space, ensure there are no stock-outs, and make recommendations for a refill so that retailers never run low on best-selling items.
- Drag to Schedule:-** Mobiato Mobile Merchandising makes scheduling fun. It allows managers to drag the stores from the map to the calendar for immediate in-store visit scheduling and publish the schedule to your field reps' calendars.
- Order Taking:-** Mobiato is a modern merchandising solution that equips your reps to go beyond traditional merchandising activities like quickly and easily take orders at the store, collect outstanding debts, and capture electronic proof of all sales transactions performed.
- In-store Data Collection:-** Easily capture information about new product introductions, customer satisfaction, point of sale advertising, competition, and visit reports via structured, configurable mobile forms and surveys.
- Structured Auditing:-** Mobiato Merchandising App allows merchandisers to quickly capture audit information for product pricing, planograms, compliance with promotional plans, and more.
